

# ART & DESIGN

## KEY PERFORMANCE INDICATORS

**GRADE  
9**

- ✓ Create original, highly skilled artwork showing personal style
- ✓ Demonstrate excellent use of media, techniques, and materials
- ✓ Analyse and evaluate your work and others' work insightfully
- ✓ Make strong links between research, experimentation, and final outcomes
- ✓ Present ideas coherently in a sketchbook or portfolio
- ▲ To move up: Push experimentation, risk-taking, and conceptual depth further

**GRADE  
6**

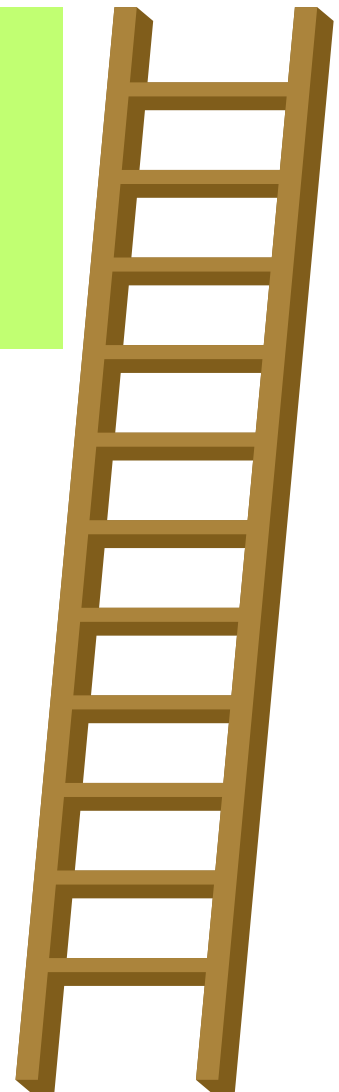

- ✓ Produce artwork demonstrating some skill and style
- ✓ Apply techniques correctly
- ✓ Reflect on your work and others' work
- ✓ Attempt to connect research and ideas to outcomes
- ✓ Present work with some clarity
- ▲ To move up: Increase creativity, technical control, and reflection depth

**GRADE  
4**

- ✓ Produce artwork with limited skill and control
- ✓ Attempt to use different techniques and materials
- ✓ Give basic reflection on your own work
- ✓ Make simple links between research and outcomes
- ✓ Present work in a basic and organized way
- ▲ To move up: Focus on improving technique, experimenting more, and adding detail to reflections

**GRADE  
3**

- ✓ Produce artwork with minimal skill and limited control
- ✓ Use simple techniques or materials
- ✓ Give very basic reflections on your work
- ✓ Attempt to link research and final work
- ✓ Present work in a very simple, minimal way
- ▲ To move up: Try experimenting with materials, add more detail, and start linking research to outcomes

### 🔑 NON-NEGOTIABLES FOR EVERY GRADE

- ✓ Use correct art and design terminology
- ✓ Experiment with media, techniques, and processes
- ✓ Analyse and reflect on your own work and others' work
- ✓ Make clear connections between research, experimentation, and outcomes
- ✓ Present work clearly and coherently in a sketchbook or portfolio
